

NEW JEEP® RENEGADE

Jeep[®]
THERE'S ONLY ONE

Experience the combination you have been looking for: the practicality of the city and the vitality of nature, whilst moving in perfect harmony with both. With its renewed and valiant exterior, comfortable interior and savvy technology, the New Jeep[®] Renegade is your all-access pass to where you want to go.

Data, descriptions, illustrations and services are intended solely as a guide and product characteristics may differ from those represented, sometimes for manufacturing reasons. Alfa Romeo reserves the right to make any changes to its products. Some of the features described and/or photographed in this brochure are options. Refer to your dealer for more information.

DUAL SOUL.

THE CITY FOLLOWS SUIT.

Playing catch up is never fun. Being the leader sure is. The distinctive restyling of the legendary seven-slot grille, fittingly embedded front head lights as well as the middle and low fascia are all part of the what can only be the bold figure of a Jeep®. The city has been warned. Jeep® Renegade is not to be messed with.

All images are purely indicative. Full LED headlights temporarily available only on a limited number of stock vehicles.

A CUE FROM A VIEW.

To be seen is simple, but to get noticed lies in the details. The fresh new LED lighting design with the exclusive X of Renegade - inspired by the design of vintage American gas cans - is rousing, powerful and has the mark of a true trendsetter.

YOUR SKY JUST OPENED UP.

The heavens are now at your fingertips. As only a Jeep® vehicle can do, Renegade makes open-air freedom possible whenever and wherever you are. The sunroof is available in power tilt/slide function and the exclusive My-Sky removable panels. Now you can take in a view that is as unique as you.

ALWAYS IN YOUR ELEMENT.

Being comfortable must be a top priority for any great adventure. The new Jeep® Renegade interiors have been tailored for function and enjoyment, like the impressive Black leather with Ruby Red stitching and embroidered logo for the Trailhawk off-road special trim.

PLAY BY YOUR OWN RULES.

There are THE rules, and then there are YOUR rules. New Renegade makes sure that one never does without the other, thanks to the 4th generation Uconnect™ Nav and infotainment system, boasting an up to 8.4" full colour, high definition touchscreen. Whether it is a touch, pinch, zoom or voice command, you get to stay focused on what you need to do and connected to what you want to be.

Unlock the potential of your iPhone with Apple CarPlay™, giving you smart and safe access to Apple Maps, Phone, Messages and Apple Music through Siri or the Uconnect™ touchscreen.

THE NATURAL EVOLUTION OF POWER.

Creating power may be easy, but making it work smarter takes a different kind of talent. A complete line of more efficient engines that provide increased power and responsiveness, featuring 3 and 4-cylinder petrol engines. The Jeep Renegade shows off its talents with the 1.4L FWD 6-Speed Manual Transmission Engine, 1.4L FWD 6-Speed Automatic Transmission Engine and 2.4L AWD 9-Speed Automatic Transmission Engine.

MAKE YOUR OWN WAVE.

And Renegade will make sure it is a smooth ride. Choose from three outstanding transmissions: the class-exclusive 9-speed automatic offers seamless gear changes for a perfect fluidity and a comfortable driving experience, or the advanced 6-speed easy-to-use nature of an automatic or the classic 6-speed manual. Complete with 4x2 or 4x4 options, featuring rear-axle disconnect for maximum efficiency.

Petrol	1.4L	103 kW	6 Speed	MT	Sport & Longitude
	1.4L	103 kW	6 Speed	AT	Limited
	2.4L	129 kW	9 Speed	AT	Trailhawk

For complete information about CO₂ emission and fuel consumption please refer to pages 72-73.

CHOOSE WHEN TO CROSS PATHS.

The legendary off-road capability of Renegade is highlighted by the incomparable electric 4x4 system featuring Jeep® Active Drive Low that assures Jeep® performance when and how you need it most. Thanks to the electric motor placed strategically on the rear axle, the rear wheels are powered directly, without the use of a traditional drive shaft without driver intervention guaranteeing the efficiency and the right amount of power and traction needed to drive in any condition. Both systems feature the Selec-Terrain™ traction system that allows the driver up to five of specifically calibrated settings for various road conditions: Auto, Sport, Mud/Sand, Snow and Rock, exclusively for the Trailhawk.

AUTO The default selection that is perfect for everyday driving and uses the rear electric motor when necessary to engage the electric 4x4 system.

MUD / SAND Uses the electric 4x4 system for increased torque and traction at low speeds, implementing specific chassis controls, differentials and transmission ratios to conquer the sand and mud.

SPORT The combustion engine and electric motor work together to guarantee the most sporty driving experience.

ROCK Exclusive to Trailhawk, this mode delivers skillful low-speed electric 4x4 capability due to its rear-differential locking mechanism, allowing Renegade to overpower the most challenging terrain.

SNOW Adds stability and minimises oversteer for security and performance on snow and ice covered roads. Major systems are managed to guarantee a smooth ride.

NEW CHALLENGES, DEDICATED SOLUTIONS.

CITY JEEP[®] : RENEGADE.
